Why Collaborate?

- Closures, Mergers & Acquisitions
- Declining Enrollment
- Tuition Discounting
- Pricing
- Cash Flow
- Doubt about 4 Year Degree
- Weak Outcomes
- Loss of Differentiators
Why Collaborate?

- **Closures, Mergers & Acquisitions**
  - Mergers and acquisitions from 2010–2017 have doubled the activity that occurred in the prior decade
  - 20 private, nonprofit colleges closed from 2016–17 to 2017–18

- **Declining Enrollment**
  - The pool of 18-year-olds is starting to decline—with precipitous declines in certain regions forecast to begin in 2026

- **Tuition Discounting**
  - NACUBO survey - record high of 52.2% in 2018-19
  - Growing discounts likely contributed to an inflation-adjusted 3.6% drop in revenue from first-time freshmen

- **Pricing**
  - Tuition resets
  - Student indebtedness
  - Chronicle of Higher Education article - “most institutions — the overwhelming majority — have zero idea how they earn a living, where the margins are across programs.”
Why Collaborate?

- **Cash Flow**
  - No Margin, No Mission

- **Doubt about 4-Year Degree**
  - 18 to 34-year olds agreeing with statement “Is a 4-year college degree worth the cost” drops from 57% in 2013 to 39% in 2017 (WSJ poll)

Why Collaborate?

- **Weak Outcomes**
- **Loss of Differentiators**
  - Expansion in number of majors
  - Explosion in co-curricular programs & services
  - Mission creep
  - The rise of “best practices”
  - Universities adopting “small college” activities
  - Bland, vague language
Why Collaborate?

Advantages of Collaboration

- Coming together of diverse stakeholders
- Pooling of both tangible and information-based resources
- Sharing of ideas and information
- Diversification of talents and capabilities
- Limiting of overlap in services
- Coordination of existing services
- Gaining access to skill sets
- Research and analyses that are broader in scope
- Unique chance to gain a better understanding of other organizations in the community

1 Corinthians 12:20-25 (ESV)

20 As it is, there are many parts, yet one body. 21 The eye cannot say to the hand, “I have no need of you,” nor again the head to the feet, “I have no need of you.” 22 On the contrary, the parts of the body that seem to be weaker are indispensable, 23 and on those parts of the body that we think less honorable we bestow the greater honor, and our unpresentable parts are treated with greater modesty, 24 which our more presentable parts do not require. But God has so composed the body, giving greater honor to the part that lacked it, 25 that there may be no division in the body, but that the members may have the same care for one another.
Potential Collaboration Opportunities

- Strategic partnerships benefit everyone
- Are you really giving away top company secrets
- Power of partnerships
- Gaps
- Opportunities
- Common Goals

“Strategic partnerships benefit everyone: businesses, employees and customers. Businesses can broaden their relevance and increase their addressable market; customers benefit from the strengths and offerings each organization brings to the table; and employees can expand their development opportunities by being exposed to new perspectives and expertise. Plus, deepening ties between complementary businesses fosters collaboration and longevity, and allows companies to offer services and solutions that help their customers and other businesses become more successful.”

- President, PayPal Canada, 2017

Potential Collaboration Opportunities

- Financial Management: Policies and Procedures
  - Personnel policies
  - Executive compensation packages
  - Long-term contracts or leases
  - Loans or lines of credit
  - Internet use and computer security
  - Capital purchases
  - Disposition of donated stock
  - Insurance requirements and reviews
  - Record retention
  - Gift acceptance

The real question to ask is, are you really giving away top company secrets or just more common bits of information.

GROUP PURCHASING ORGANIZATIONS

The Council of Independent Colleges in Virginia (CICV) provides its member colleges access to discounted purchasing opportunities through its association with several group purchasing organizations.

COALITION FOR COLLEGE COST SAVINGS

CICV is a member of the Coalition for College Cost Savings (CCCS). CCCS is a group purchasing coalition comprised of 33 non-profit higher education member organizations dedicated to helping nearly 400 non-profit higher education institutions improve processes and reduce costs through collaboration. Through this organization, CICV is able to offer its members access to collaborative programs, such as:

Affinity TCA & Genworth - Affinity TCA has negotiated a host of Payroll Plus benefits that can be offered on a voluntary or employer paid basis at little to no cost to your institution. The Group Long Term Care Insurance program available from Genworth offers Coalition member organizations and their member institutions excellent features and underwriting processes for the campus faculty and staff planning ahead to protect their retirement savings from unexpected health events.

Blackboard Payments Powered by CashNet - Whether its to simplify electronic billing, accept payments all over campus, offer flexible tuition payment plans, or create online storefronts, Blackboard Payments Powered by CashNet fits the everyday campus needs and gives your students and authorized payers enhanced, flexible payment options.

CashStar (formerly CertificateBackground.com) - CashStar provides almost two-thirds of colleges and universities nationwide with a wide array of products and services. A true industry leader, CashStar offers technology driven background screening solutions for your students and entire workforce, including employees, contractors, vendors, volunteers and more.

E&I Cooperative Services - E&I is the member-owned, not-for-profit sourcing cooperative focused on education. Members have access to a diverse portfolio of competitively awarded contracts, electronic procurement platforms and consulting services to help you reduce costs and optimize supply chain efficiencies.

Liberty Mutual Tuition Insurance - A college education is one of life's biggest financial investments, but it is one that often goes unprotected. That's why Liberty Mutual Insurance is proud to offer Tuition Insurance - an affordable type of coverage that protects the thousands of dollars families pay in tuition, and that they could lose in the event of an unexpected health-related withdrawal such as an injury, illness or mental health condition. Based on a school's refund schedule, a student who withdraws mid-semester may be eligible to get only a portion of their tuition refunded, or receive no refund at all. But with Tuition Insurance, Liberty Mutual can reimburse a family up to 100% (of their insured costs), including tuition, room & board, and other fees paid to the school. Available at an affordable rate. Tuition Insurance provides peace of mind to students, families, and school administrators. (*Coverage not available at all colleges and universities. Policy terms and conditions apply.)

NetInsight - With NetInsight, students can access secure, out-of-class, online learning anytime, anywhere. It's an integrated learning management system. Wave & Learn - A blended learning platform that combines blended learning with interactive and engaging content. Both platforms are available for free and can be used in any subject area.

Pan-American Life Insurance Group - Pan-American Life Insurance Group offers three Accident Insurance Programs discounted exclusively for member institutions: 1) Travel Medical & Accident Coverage Abroad; 2) Intercollegiate Sports; and 3) Mandatory Student, Faculty, and Staff Accident coverages. Program features include customization, risk pooling, network discounts, and coordination with other plans. These easy-to-administer programs include a dedicated team ready to implement, manage, and coordinate all services. With over 100 years of experience and extensive industry knowledge, we are committed to providing exceptional service and innovative solutions to manage accident risk.

Paymerang (formerly A& Advantage) - Through a simple process change, Paymerang facilitates electronic payments between colleges and their vendors, employees and (incoming entering) students. Backed by an award-winning software and network, Paymerang provides a complete accounts payable disbursement solution that includes software integration, vendor enrollment, payment processing, and reconciliations. Clients import a single file of payment instructions and Paymerang executes financial transactions and delivers associated customized electronic payment details. The company partners with private colleges nation-wide to quickly pay electronically without the addition of significant resources, compliance requirements, fraud detection, costs or credit limits that come from using traditional bank programs.

MICHIGAN COLLEGIATE TELECOMMUNICATIONS ASSOCIATION (MICtA)
Originally formed as a professional organization among Michigan's public universities, MICtA provides group purchasing programs, monitors telecommunications and technology legislation and informs its membership of events which may affect them. The current CenturyLink telecommunications agreement used by MICtA schools is managed by MICtA. MICtA offers many other group purchasing opportunities in the areas of communications and technology.

Proverbs 27:17 (ESV)
Iron sharpens iron, and one man sharpens another.

- Exactly how will collaborating with this partner, as opposed to other potential partners, enable your organization to achieve key goals?
- What does each party look to gain from the collaboration?
- Do any or all organizations have a vested interest in the project at hand?
- Can all organizations reach an agreement regarding the mandate of the collaboration and the purpose of the collaborative initiatives?
- Do the collaborating organizations have enough in common to work together effectively?
- Is one of the organizations markedly smaller than the other?
- Does the organization have a good understanding of whom you serve?
