

THEME #3 — CHAMPION BIBLICAL HIGHER EDUCATION

ABHE's professional market research has confirmed there is a significant lack of general understanding about the nature and value of biblical higher education. In addition, there is growing hostility for much of what sets us apart. Crafting the message that helps the public better understand the nature and value of biblical higher education is urgently needed.

ON OUR WATCH, WE WILL ...

- Assess biblical higher education's impact and tell our story
- Build advocacy networks and partnerships
- Equip institutions for effective public engagement
- Grow membership

“

We are supporting God's mission in the world with the work that we are doing. Training a new generation of servant leaders to be able to serve Christ through their work, whether it's in ministry or the marketplace.

“ Many are saying these are going to be the most challenging days for biblical higher education. My view is *bring it on*. We are ready for it. This is what Christians do. We face forward. We keep moving. It gives me great hope and anticipation for what the Lord will do in and through ABHE and its member schools.
